Audience:

All Staff

Duration:

1 day on-line
workshop or 1 day
classroom event

Level: Foundation

Remote Working in Effective Teams (Covid19)

This workshop will focus on the practicalities around working with others and how to get the best out of a team working remotely. The workshop is designed to be highly experiential and focuses on the needs of different learner types. The workshop will include a mix of models and theories (e.g. working with Extraversion and Introversion), personal experience, reflection, and debate as well as practical tools and techniques.

Delegates will:

- Encourage effective and efficient virtual teamwork.
- Enhance communication and collaboration in remote teams.
- Help individuals and teams to define their most effective and inclusive ways of working.

Our Approach

Learning without context rarely sticks and rarely changes behaviour. We focus on integrating learning with work and on the effective application of learning in the workplace. We create a climate of high support and challenge to stretch people to increase self-awareness. During the course our facilitators will deliver seek to:

- **Appreciative Inquiry** - build on clients' successes and strengths, enabling individuals and teams to appreciate what they could do better and what they are currently doing well.
- **Constructive Challenge** - stretch our clients to create new reference points for what they can achieve.
- **Enjoyable** - create an environment of laughter, humour, and emotional engagement.
